

Zofia Rogozińska

Aspiring UX/UI Designer

Cognitive Science graduate and aspiring UX/UI Designer with a strong foundation in user psychology, eye-tracking research, and visual search efficiency. Fascinated by how cognitive processes shape digital experiences, I aim to combine data-driven research with creative prototyping to design intuitive, user-friendly interfaces.

Key projects

UX Research & Prototyping Project - Collaboration with Allegro (Academic Project)

- Collaborated in a team to run usability tests and iterate on interface solutions for Allegro (Poland's largest e-commerce platform).
- Conducted usability testing sessions with users to identify pain points and analyze user flow bottlenecks.
- Designed interactive wireframes and prototypes in Figma based on research findings to improve user journey.

Quantitative UX Research & Eye-Tracking - Academic Project

- Investigated how individual cognitive styles affect visual search efficiency on Eastern and Western web layouts.
- Designed and conducted laboratory eye-tracking experiments (N=50) to analyze user gaze patterns, fixations, and search times.
- Translated quantitative research insights into actionable UX/UI design principles for cross-cultural interfaces.

Education

ADAM MICKIEWICZ UNIVERSITY IN POZNAN (2024-2026)

- Master's Degree in Research in Cognitive Science
- Key coursework: Artificial Intelligence (AI), Cognitive Psychology, Eye-Tracking Methodology.

WSB MERITO UNIVERSITY IN POZNAN (2021-2024)

- Bachelor's Degree in Psychology in Business
- Speciality: Psychology of Marketing and New Media.

Experience

Organized Events Guide | [Nazwa firmy/organizacji] (Miesiąc.Rok – Miesiąc.Rok)

- Managed groups during events, ensuring a positive experience by quickly resolving customer needs and dynamic logistical changes.

Internship in Quality & Product Development | Wytwórnia Pasz Lira Sp. z o.o (07.2023 – 10.2023)

- Conducted social media competitor analysis and industry product market research.

Office Assistant | Cuff Sp. z o.o (03.2023 – 06.2023)

- Managed client and partner documentation while maintaining database accuracy through regular customer information updates.

Waitress | Andersia Hotel & Spa (10.2021 – 03.2023)

- Delivered high-quality service and managed guest relations in a fast-paced environment.

Skills

- Usability Testing
- Prototyping & Wireframing
- User Research
- Eye-Tracking Study
- Competitor Analysis

Soft Skills

- Public Speaking & Group Facilitation
- Ability to learn new things easily
- Empathy & Active Listening

Tools

- Figma
- Canva
- MS Office

Language

- Polish - native
- English - C1 (IELTS score 8.0)

Certificates

- Usability Testing & Prototyping – Adam Mickiewicz University & Allegro
- Youthpass – Erasmus+ Youth Exchanges & Training Courses
