SURVEY RESULTS (10 participants*)

How do you usually find out about Erasmus+ projects?

- Social media: Facebook groups, Instagram accounts
- Telegram, WhatsApp groups
- Friends

How easy is it for you to find Erasmus+ opportunities?

Most answers for intermediate and difficult

Have you ever missed an Erasmus+ project because you found out too late?

100% answers for yes

What challenges do you face when searching for Erasmus+ projects?

- Erasmus+ projects are scattered across different platforms
- Lack of filters and country-specific options makes it difficult to find relevant projects
- Accessing project info is inconvenient

How likely would you be to use a centralized application for Erasmus+ project listings?

Most answers for very likely!

What features would you find most useful on such application?

- Recent and fast updates about new projects
- Filtering by country, project type, date, and open applications
- Personalized notifications about new events
- All project info available in one place
- Option to save projects for later
- Ability to apply directly through the app
- Descriptions of hosting organizations

* Young people interested in Erasmus+ projects

Minimum viable product

01. Regularly updated centralized list of Erasmus+ projects

02. Simple filters:

- Project date,
- Participant's country,
- Destination,
- Type (Youth Exchange, Volunteering, Training Course),
- Topic,
- Open applications

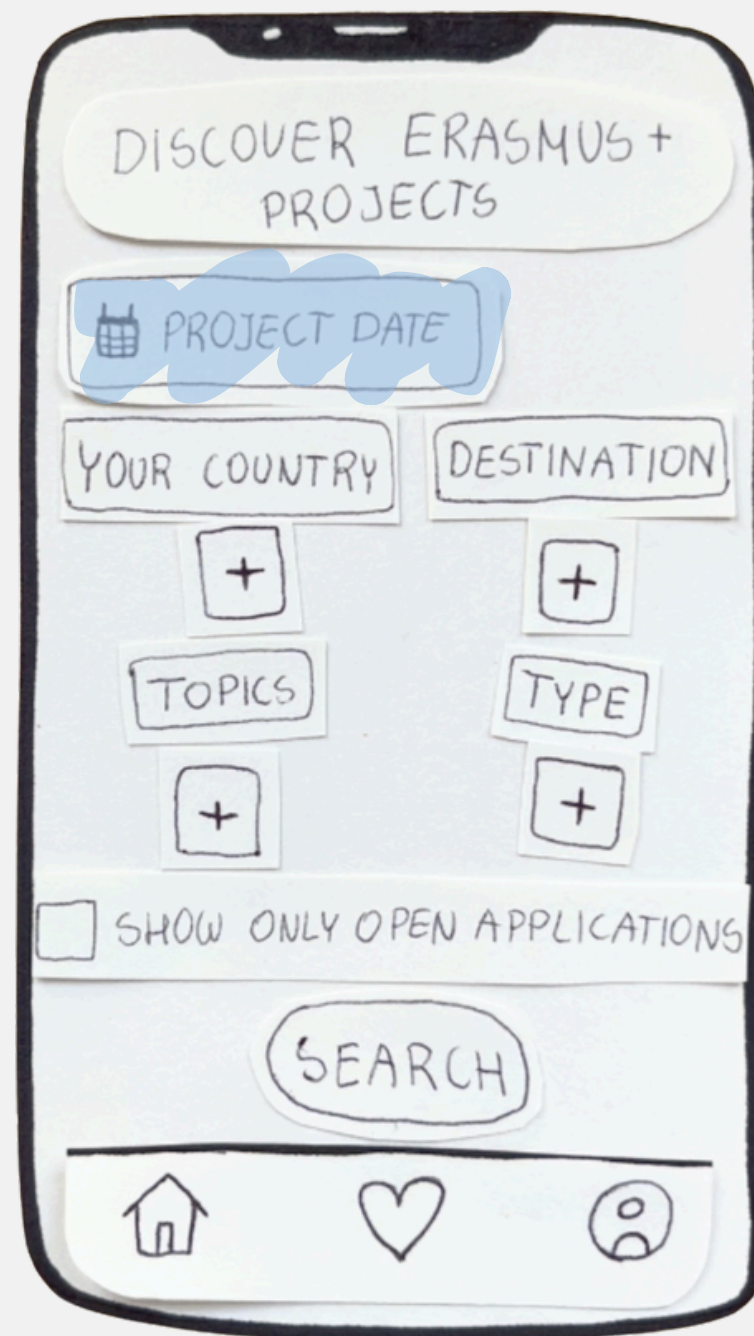

PROTOTYPE

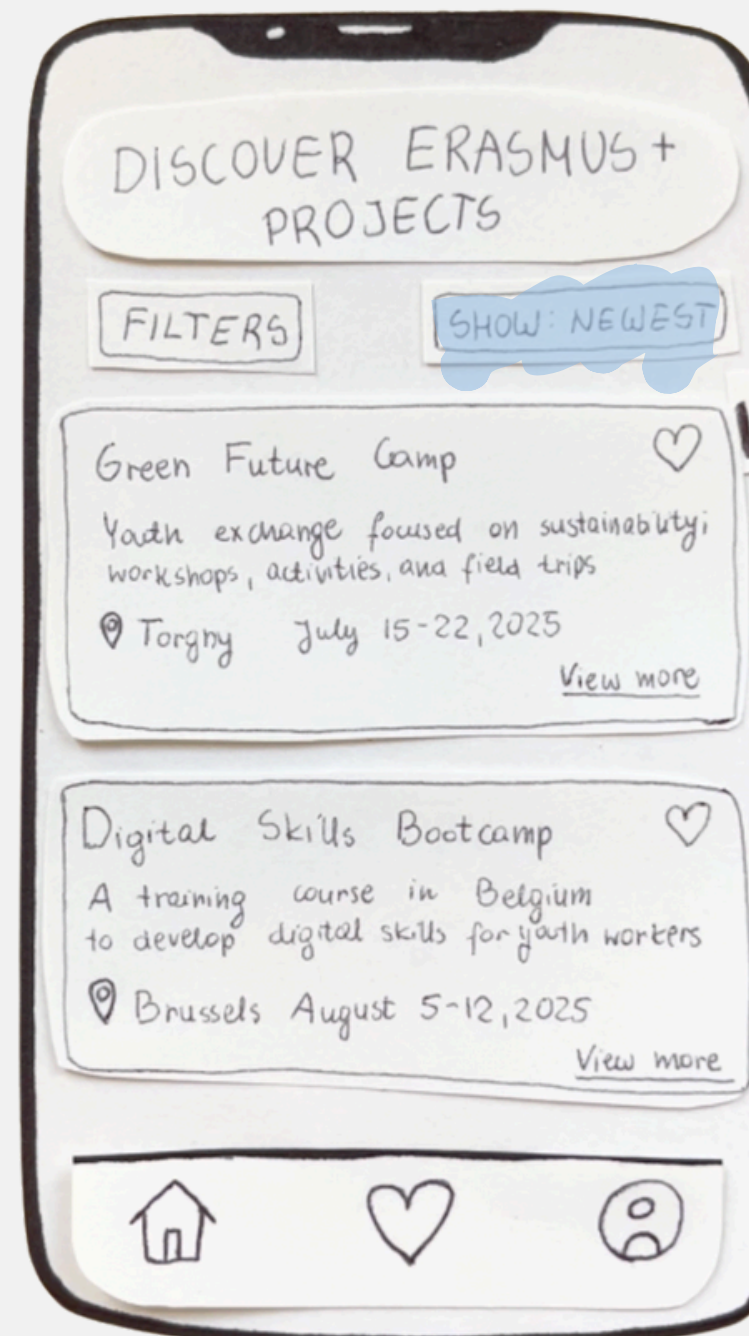

Additional Functional Buttons

Product roadmap

- Improving visibility of the chosen filters
- Simple onboarding for new users
- Save filters for quick access to preferred searches
- Notifications for new projects matching saved filters

01

02

- Description and users reviews of hosting organizations
- Q&A section for better understanding how Erasmus+ projects work

03

- User profile showing past Erasmus+ experience visible to the organizations after applying
- Ability for users to track their application history

What Should This Product Achieve?

- Enable users to quickly discover Erasmus+ opportunities on mobile
- Help both new and experienced participants navigate available projects
- Provide organized, clear project listings with all key information in one place
- Reduce dependency on non-official, fragmented sources like Facebook groups
- Increase awareness and accessibility of Erasmus+ opportunities

How do we measure success?

- Number of weekly active users
- Number of submitted applications via the app

Thank you!
